Memorandum

State of New York

November 9th, 2020

Mr. Rahul Jain Office of the State Comptroller 59 Maiden Lane, 29th Floor New York, New York 10038

Dear Mr. Jain,

This represents the MTA's Third Quarter, 2020, report concerning the status of its gap closing initiatives as required by the NY State Comptroller's Regulation 4, Section 202.5 (c). According to the Regulation, the MTA must report "each quarter, until implemented or rescinded, the status of each gap-closing initiative with a projected value equal to or greater than \$1 million in any given fiscal year, including milestones, impact on staffing, current implementation status, actual savings or revenues to date and projected annual savings or revenues in comparison to Budget and Plan projections."

Attached is a summary of the results of the 3rd Quarter PEG Monitoring Program for 2020, as well as copies of the PEG Monitoring Milestone Reports. The summary shows that the MTA will track gap closing initiatives with an annual value of \$260.0 million. Results through the third quarter show that \$246.7 million or >100% of the planned PEG reductions of \$195.6 million was realized and 329 positions were reduced. Additionally, 94.9% of the planned full-year savings has been realized through the third quarter.

If you have any questions, please do not hesitate to call.

Sincerely,

Ekeln

David Keller Acting Director, Division of Management & Budget

PEG Name: Paratransit Rate Reduction Savings

PEG Description: Historically, NYCT provided the bulk of registrant trips through subcontracts with Primary vendors. These vendors essentially function as mini-transportation companies and carry a significant amount of fixed cost overhead stemming from administrative functions that support transportation operations. For several years NYCT has sought to reduce costs by using a multi-modal platform to provide registrant rides through lower cost providers. As such, a significant number of registrant rides are currently performed by Voucher/Brokered trips using car service companies and accessible taxis and E-Hail service providers. The successful shift of registrant trips from Primary providers to lower cost providers (Brokered, Taxi and E-Hail companies) creates an opportunity to limit or eliminate some of the higher cost Primary service providers.

PEG Status: Third Quarter expenses are significantly under budget -- savings achieved.
