PROPOSED ROUTE SUMMARY

The proposed Q111 would maintain its existing routing, only stop changes are proposed. The two weekday trips that currently serve Peninsula Blvd would be maintained.

Route Improvements

- Improved stop spacing
- Fewer route patterns

To match stop spacing on other local and limited-stop portions of Rush routes, Q111 stops along 147 Av would be spaced slightly further apart than existing, while stops along Guy R. Brewer Blvd would only be located at key destinations and major transfer points. Local stops would be served by the new proposed Q115.

Q111 frequencies would be decreased to reallocate some service to the new proposed Q115, which would provide new all-day frequent service along Guy R. Brewer Blvd. Guy R. Brewer Blvd would see an overall increase in combined service between the three routes along the corridor (Q111, Q114, Q115). Service would continue to operate 24 hours.
